

SAVE THE DATE

The Interdisciplinary Institutes for Artificial Intelligence (3IA), MIAI (Grenoble), 3IA Côte d'Azur (Nice) and PR[AI]RIE (Paris), in collaboration with the Health Data Hub, are pleased to announce the third edition of the

SUMMER SCHOOL AI4HEALTH

3-7TH JULY, 2023

PARIS ANTE CAMPUS, PARIS
AND ONLINE

ai4healthschool.org

This Summer School will cover the **latest advances in the field of AI and data science applied to health**. It will start with three days of plenary sessions with lectures and use cases, led by international speakers, accessible onsite and online. They will be followed by two days of hands-on practical sessions, led by experts, for the onsite participants only. All speakers will be onsite in Paris.

The school will be held in English and is aimed at students (masters from the first year, PhD), post-docs, academics, members of public institutions, and professionals. Please note that in order to participate in the practical sessions, basic knowledge in machine learning (python or others) is required.

Alessandro Blasimme (Switzerland)
Introductory keynote

Researcher at the Health Ethics and Policy Lab of the Swiss Federal Institute of Technology Zurich (ETH Zurich)

Tobias Gauss (France)
Use case

Anesthesiologist, member of the scientist committee of the Observatory of severe trauma patients (Traumabase)

Anna Goldenberg (Canada)
Plenary course

Associate Professor in the Department of Computer Science at the University of Toronto

Senior Scientist in Genetics and Genome Biology program at SickKids Research Institute

Associate Research Director at the Vector Institute for Artificial Intelligence

Bjoern Menze (Switzerland)
Plenary course

Professor for Biomedical Image Analysis and Machine Learning at the University of Zurich

Sébastien Ourselin (UK)
Use case

Professor of Health Engineering and Head of the School of Biomedical Engineering & Imaging Sciences at King's College London.

Andrzej Rys (Belgique)
Introductory keynote

Principal Scientific Adviser at the Directorate for Health and Food Safety at the EU Commission

Uri Shalit (Israël)
Plenary course

Assistant Professor at the Technion – Israel Institute of Technology

Mihaela Van der Schaar (UK)
Introductory keynote

Professor of Machine Learning, Artificial Intelligence and Medicine at the University of Cambridge

Member of the Alan Turing Institute of London

Founder and director of the Cambridge Centre for AI in Medicine (CCAIM)

Serena Villata (France)
Plenary course

Deputy Scientific Director at 3IA Côte d'Azur Institute

Senior Researcher at CNRS

... and many more experts leading plenary sessions, use cases and practical sessions.

Registrations opening in april 2023, to stay informed, [pre-register here](#)

Online live access to the plenary sessions (3 days: July 3-5)

Students (Master, PhD) and post-docs	40€
Researchers and members of public institutions	100€
Private sector representatives	300€

Onsite access to the plenary and practical sessions (5 days: July 3-7)

Students (Master, PhD) and post-docs	150€
Researchers and members of public institutions	300€
Private sector representatives	1 500€

Prices including VAT
